CHIEF PONTIAC

THE HOUSE OF RECENT INTRODUCTIONS

J. R. & C. T. LARUS
19 WOODSIDE CIRCLE
HARTFORD 5, CONN.

PLEASE READ BEFORE ORDERING

Again we have selected for listing the varieties which we consider the cream of the newer ones we grew last summer. Our 1949 catalog contains about 175 varieties, including over 150 of the best recent introductions — we suspect the most selective and complete list available in any current catalog. As in previous years, we have removed varieties when better ones become available, for we feel that no good purpose is served by continuing to list varieties when they are supplanted by superior and very similar ones.

While tastes are bound to differ, there are certain outstanding varieties which in our opinion are worthy of special mention as being at the very top of the gladiolus world. The names of these are underlined. There are several brand-new varieties which probably belong in this select class, although our experience with them is too limited to make us willing this year to assign them this definite top rating; these are indicated by an asterisk (*) placed before the name. The color class of each variety is given in parenthesis. In general, the NAGC and NEGS classifications have been followed, although a few apparent inconsistencies have been adjusted.

We are again offering seeds from selected crosses made this past summer. If you haven't grown seeds and seedlings, you have missed what is probably the most fascinating aspect of our hobby. Plant seeds an inch deep about two weeks after frost is out of the ground, never allowing the ground to thoroughly dry out at any time during growth. Packets of 20 seeds of any of the crosses below are 50 cents each. Please mention at least one substitute cross, for while we have a good quantity the demand for seeds in recent years has been such that our supply of some items is usually exhausted before all orders can be filled.

Abu Hassan x Paul Robeson	Helen of Troy x Daisy Mae
Alice Ayer x White Goddess	Jack Pot x Dorothy Armstrong
All Glory x Daisy Mae	Kathy Lee x Mid-America
Athlone x Evangeline	Ladrone x Daisy Mae
Blue Lagoon x Blue Bonnet	Lady Jane x Gold Standard
Blue Lagoon x Ravel	Lady Jane x Java
Buckeye Bronze x Daisy Mae	Lake Placid x Sun Spot
Color Marvel x Daisy Mae	Lipstick x Skyway
Daisy Mae x Chief Pontiac	Madeleine Brown x Salman's Glory
Daisy Mae x Red Wing	Maid of Orleans x Maxa
Dorothy Armstrong x Mid-America	Martha Deane x Color Marvel
Eliz. the Queen x Greta Garbo	Mystery x Evangeline
Eliz. the Queen x Venida	Mystery x Phantom Beauty
Florence Nightingale x Mary Odell	On the Beam x Sun Spot
Golden State x Orange Gold	Peggy x Evangeline
Golden State x Queen Charlotte	Purple Supreme x Ruth Ann
Golden State x Sparks	Spotlight x Sparks
Gratitude x Daisy Mae	Tunia's Mahomet x Eliz. the Queen
Greta Garbo x Lipstick	Wedgwood x Evangeline
Greta Garbo x Red Wing	Yankee Lass x Dieppe
43MU-7 (Blue seedling) x Blue Bonnet	

Mixed seeds are also available in case you want the same quality, but with greater variety — 25 seeds for 50 cents.

Our bulbs are clean and high-crowned, and you will find that we fill orders generously. We never substitute without your permission. Orders will be filled and set aside in the order received. Payment in full will be expected before shipment. We send out orders postpaid the last half of March.

Ten bulbs or bulblets will be sold at 8 times the single price and 100 bulblets at 8 times the rate for 10; 5 at the 10 rate and 25 at the 100 rate. Because our growing space is limited, we do not undertake to supply over 10 bulbs or 100 bulblets of a variety to a customer.

Cash discounts are given for all orders over \$3. On orders from \$3 to \$7, subtract 5% discount; from \$7 to \$15, subtract 10%; from \$15 to \$25, subtract 15%; and over \$25, subtract 20%. If you prefer not to deduct your discount, we will make it up in extras that will please you.

Indications are that the demand for certain varieties will be such that our supply in them may not last out the selling season. We therefore suggest that you send in your order early. While anything we still have available is always at your service, March 15 is about the last date we are in good position to accept orders.

GENERAL LIST

Our list is divided into two sections this year. The General List contains American, Canadian and foreign varieties which we have bloomed. For all foreign varieties, the country of origination is given after the name of the hybridizer except for the large introducers, Both (Australia), Errey (Australia), Konynenberg & Mark (Holland), and Salman (Holland). On foreign varieties, the first number after the name of the originator is the year of introduction abroad and the second number is the year the variety was first offered in this country. The descriptions of all varieties in this list are our own and are not copied from the introducer's catalog. All performance records are taken from our own files and are given to show exactly how they have grown for us. Flowerhead measurements are taken the first day open. When fully open, they will usually be 1"-2" longer.

<i>Name(Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
ABU HASSAN (378 K&M 45-47)	The best dark violet we know of. Healthy and a good grower, producing strong spikes with 8 open. The color is outstanding.	\$.15	\$.10	\$.05	20-\$.20
ADMIRAAL DE RUYTER (532 K&M 47-48)	Medium salmon with a yellow throat and a smaller red lined blotch. Tall grower with large florets. Some flecking for us.	3.00	2.00	1.50	.40
ALICE AYER (400 Benedict 47)	Almost a pure white with a slightly creamy throat. Large well-formed florets closely attached to good strong growing spikes. One of the best of the real whites.	1.25	.75	.40	.10
ALL GLORY (423 Toon N.Z. 43-46)	A medium deep orange with a deeper rosy red blotch. Very striking and one of the few blotched oranges which is really attractive. Nice tall spikes with 6-8 well-placed 5" florets open.	.75	.50	.25	5- .25
<u>A. L. STEPHEN</u> (433 Winsor 42)	We believe this variety has been overlooked by many growers. The attractive florets are deep salmon with a deeper throat. A very strong consistent grower. Grows 60" tall, with 20 buds, 30" head, 5¾" florets and 7-8 open.	.20	.15	.10	20- .25
ANNETTE (400 Dowling 48)	White shading to medium creamy throat. As a seedling was voted most beautiful at a west coast show. Produced good spikes.	1.00	.75	.50	2- .25 10- 1.00
ATHLONE (416 B.Palmer 43)	Lovely clear flesh color — almost a cream. Makes good straight spikes with 8-11 open. Placement is outstanding. Very satisfactory all-around glad.	.35	.25	2-.25	15- .25
ATOM (336 Hedgecock 46)	A small scarlet with a silver edge around the petals. Has been very popular at the shows and appears to be the outstanding miniature-type glad. Strong propagator. Makes good spikes with 4" florets and 6 open. 4 feet tall with 20"-24" heads. Wonderful for arrangements in the house.	1.25	1.00	.50	.12
BERNADETTE (560 Silva 47)	Attractive light rose sport of Picardy, with growth on a par with that of Picardy.	—	.75	.50	—
BIRCH RED (552 Rich 45)	Medium deep red with fine clear color. Good grower and a strong propagator. Flowerhead of medium length.	2.00	1.25	.75	2- .25 10- 1.00
BLACK CHERRY (554 Rich 48)	Very deep red with a good clear color, although it does weatherspot some as do practically all deep reds. Has made a fine record at shows and seems to be the best show glad in its class. Florets are large with 7-9 open.	4.00	3.00	2.00	.40 10- 3.00
BLAIRE MARGUERITE (532 Both 47-48)	Medium salmon pink shading to cream throat. Light line in the middle of petals. Exhibition type with large ruffled florets.	2.50	1.75	1.25	.25
*BLUE BONNET (576 Beardmore 48)	A new medium blue with a deeper violet blotch which was very impressive in its first year. With 2 large and 2 medium bulbs this year we won 4 first prizes at the shows. Grows over 50" tall with 6-7 5"-5¼" florets open in good placement on a very good spike. Color is excellent and there was no flecking.	3.00	2.00	1.25	.40 10- 3.00
BLUE ICE (577 Butt 45)	Attractive light blue with a cream throat and a small deep blue feather. Tall spikes with large florets and long flowerheads. Stem has some tendency to be a little weak.	3.50	2.25	1.50	.30

Had fine results with your bulbs and bulblets last year. — H.S., Tex.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
BLUE LAGOON (478 G. Snyder 46)	Tall strong growing medium deep violet with a clear color. Probably the strongest grower of the blues. 62" tall, with 20 buds, 26" head, 4¾" florets and 6-8 open. Healthy and a good propagator.	1.50	1.00	.75	2- .25 10- 1.00
BLUE ORCHID (576 Both 45-48)	Clear light blue with a deeper throat. Florets are large and wide open. Formal exhibition type. Highly regarded in Australia. Seems to have a slight tendency to crook in hot weather.	2.75	2.00	1.25	.25
BOLDFACE (533 Evans 47)	Very striking deep salmon pink with a small darker red blotch on a white throat. 5"-5½" florets with 7-8 open in formal placement. A husky grower.	2.50	1.75	1.25	.25
BRONZE KING (582 Rich 46)	One of the most attractive smokies. A large chocolate colored glad with 6-8 open in formal placement. Spikes in peak condition are very fine.	1.00	.75	.50	3- .25 10- .60
BURMA (562 Palmer 43)	Very lovely deep heavily ruffled rose. The best deep rose show glad so far. Makes fine spikes and is a strong propagator. 58" tall, 19 buds, 27" head, 5½" florets and 8 open. Contender for most beautiful, but like most deep colored ones spots in rain.	2-.25	4-.25	5-.15	20- .10 100- .40
CHEYENNE (536 G. Wilson 48)	An attractive orange scarlet with a white line in the throat. Florets are lightly ruffled with many open in formal placement. Looked promising in its first year.	3.50	2.75	1.75	.25
*CHIEF PONTIAC (524 G. Snyder 48)	Clear deep orange shading deeper in throat. Florets are attractively ruffled and well attached to excellent spikes that show no signs of crooking. Grew 65" tall, 21 buds, 30½" head, 6½" floret, and 7 open, well placed. Only spike that hit the shows was first in its class and Informal Recent Introduction Champion at Boston. Spikes have a lot of style (see picture on front cover). Performance for us was outstanding in its first year.	3.00	2.00	1.00	2- .75 10- 3.00
CHOCTAW (491 G. Wilson 48)	Light orange chocolate shading to deeper orange brown throat with scarlet center line. An exhibition type that opens up to 10 in formal placement on long spikes. Should win heavily in its class.	3.00	2.25	1.50	.25
CHRISTINE (500 Cave 46)	An almost pure white that opens 8 well-placed 6" florets. Well-grown spikes are very attractive and potential show winners.	3.00	2.00	1.00	.25
CITATION (540) 1949	Introduction from W. A. Beaton, Detroit. We have grown this variety the past two years as a seedling and have found it to be an exceptionally strong and reliable grower. Florets are an attractive geranium pink blending to a creamy white throat. Spikes grew 66"-70" tall for us with 18-20 buds, a 28"-32" flowerhead, 5¾"-6¼" florets and 5-7 open. Florets are strongly attached and placement has been good. Despite the height and size of the flowerhead the spikes have not crooked or fallen over as do many of the other giants. Bulblet production and germination have been very good. Bulblets often produce saleable spikes. One of the bulblets this year produced the largest spike we have seen from a bulblet — 60" tall, 15 buds, 28" head, 5¼" floret and 6 open. Variety has shown no signs of disease. Has won an Award of Merit at Detroit Show and scored 82 at the Michigan Trial Garden in 1947. Has been tested by growers in 6 different states and the reports on it are excellent.	3.00	2.50	2.00	10- 3.00
*CLEO (441 Youmans 48)	Fairly light pink with pale rosy red blotch with a yellow edge. Quite different and very popular. Placement is formal and reliable with 7-10 open on very good spikes. Has done very well at the shows.	3.00	2.00	1.50	2- .75 10- 3.00
COLOR MARVEL (320 Krueger 46)	Very pretty blend of yellow and orange. Florets are 4½", with 6-7 open on tall straight spikes. Fine cut flower for the house and one of the best 300 size glads.	.50	.35	.25	10- .50

Your bulbs were as fine throughout as I have ever received. — W.W., N. Y.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
CONN. YANKEE (441 Schenetsky 44)	Clear blush pink with soft rose red center. One of the loveliest glads and is outstanding for exhibition. Opens 8-9 well-placed florets on a long head. Medium propagator. Rated 5th in the 1948 Canadian Symposium.	1.00	.75	.50	2- .25 10- 1.00
*CONNIE G (506 Woods 48)	Heavily ruffled deep cream with a heavy substance. Was one of the sensations at several of the eastern shows this year. Makes excellent spikes with 8 large florets open on a long flowerhead. Very beautiful and very fine.	5.00	5.00	5.00	—
COVENTRY (511 Glass 47)	Striking light yellow with a red feather. Opens 7 or more.	1.00	.60	.40	10- .40
C. W. GANNETT (580 Chamberlain 39)	Orange rose smoky with a cherry blotch. A very outstanding show glad. Is a late bloomer but have won with it every time we have gotten it to the shows. 72" tall, 25 buds, 36½" head, 6½" florets and 9 open.	.30	.20	2-.25	10- .25
DAISY MAE (521 Lins 45)	Large attractive salmon orange with cherry blotch. Probably the best exhibition orange. Very strong grower and propagator. 64" tall, 21 buds, 31½" head and 6" florets with 7 open. See picture on back cover.	.35	.20	2-.25	10- .35
DAPHNE (420 Chase 47)	Tall medium orange that is capable of winning at shows. Was 58" tall, 18 buds, 27¾" head, 4¾" florets, with 7 open. No signs of crooking. Placement and attachment are good.	.40	.30	.20	10- .30
DAWN GLOW (560 Jack 45)	Light rose with 6-8 large, very attractive florets open. Florets are heavily ruffled and wide open.	.60	.40	.25	6- .25
*DEBORAH SAMPSON (440 Scheer 47)	Very pretty clear light pink with 8 neatly placed 5" florets open. Plants are tall and flowerhead is long. Seems to be a reliable grower and has consistently produced show spikes.	1.50	1.00	.65	.15
DEBUTANTE (410 Chase 47)	Tall husky orange yellow. Florets are clear and very attractive. A strong grower with 17-19 buds on a 23"-26" flowerhead with 6-8 4¾"-5" florets open.	.40	.30	.20	10- .25
DIADEM (460 Lines 46)	Light rose shading to cream throat. One of the best of the fragrant glads. Fragrance quite noticeable on florets opened indoors. Unlike many of the fragrant glads, this one produces good spikes.	3.00	2.00	1.50	2- .25 10- 1.00
DIEPPE (432 Hassel 45)	Striking deep salmon with ruffled florets. A tall grower with plenty of stretch. Opens 7-8 large florets. Outstanding and very popular at shows and with florists. Rated 3rd in the 1948 Canadian Symposium.	.25	.20	2-.25	10- .20
DORIS HANCOCK (540 Both 47-48)	Medium light pink with light buff yellow throat somewhat shaded over with pink. Tall strong spikes with 5"-5½" florets in formal placement.	2.50	1.75	1.25	.25
DOROTHY ARMSTRONG (470 Beardmore 48)	Attractive new rosy purple with a deeper throat. Good spikes with 6-8 4½" florets open. Promising commercial prospect.	1.00	.75	.50	2- .25 10- 1.00
DUSTY MILLER (486 Elliott 45)	Rosy brown with deeper orange rose throat and a white line in the center. Produces good spikes and is rated very highly in the Canadian Symposium. One of the most attractive smokes although it flecks sometimes.	.25	.15	.10	10- .15
*EIFFEL TOWER (566 Both 47-8)	Light pinkish rose lavender with a cream throat. Seemed to be quite similar to Evangeline but more of a lavender. Not a solid color but is attractive. The strongest growing lavender we have seen. Very tall with a long flowerhead and 7-10 large well-placed florets open. Looks as if it should win heavily at the shows.	3.00	2.25	—	.30
*EVANGELINE (540 Palmer 48)	Very lovely light rosy pink with a creamy throat. Was 66" tall with 20 buds, 26½" flowerhead, 5¾" florets and 8 open. Have seen much better spikes at several shows. Has won as most beautiful and as show champion several times. A real hit with the public. Only fault is a tendency toward misplacement.	5.00	5.00	5.00	12- 5.00

Many thanks for your generous overcount and extras. — H.S., N. H.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
EXPANSE (540 Hill, N.Z. 47-49)	Well named. A medium pink with a white rib in middle of the petals and a cream throat shaded deeper around the edges. Distinct and massive. Should be a fine show glad. Florets are very large with 7 or more open. One of the giants.	—	1.10	.75	.15
FABULOUS (443 LaSalle 46)	A striking deep pink with a red blotch on a large cream throat. Tall straight spikes with 6 large blooms open on a 24"-26" head. Good show glad and one of the best blotched varieties.	1.00	.75	.50	2- .25 10- 1.00
FIREBIRD (436 Kuhn 47)	An attractive clear orange scarlet with a narrow white line in the throat. Spikes are straight. Good commercial prospect.	.75	.50	.25	10- .10 .75
FLORENCE NIGHTINGALE (400 Harris 47)	A new cream white from Canada. Very attractive and an outstanding success in its first 2 years. Rated number 1 in the 1948 Canadian Symposium. Was 55"-60" tall, with 21 buds, 29" head, 5¼" florets and 8-9 open. Healthy and a good propagator. Very fine for exhibition and commercial use.	1.00	.60	.40	4- .25
FLYING FORTRESS (586 G. Wilson 43)	Huge lavender grey. A real mammoth for exhibition use. Was 55" tall, with 20 buds, 31¾" flowerhead, 6¼" florets and 8-10 open. Floret formation does not appeal to us, but variety is very popular at the shows.	.50	.35	.25	10- .25
*GARDEN GOLD (512 Rich 48)	A medium yellow with deeper buff yellow lip petals. If this is dark enough to be classed as a deep yellow it may be the best so far. Spikes were 56"-60" tall with 6-7 large florets open on a 26½" flowerhead. Not a heavy propagator, but looks very promising.	5.00	5.00	4.00	.50
GENERAL EISENHOWER (542 Salman 46-48)	Medium rose pink from Holland. A very strong grower. Was selected as the best variety in Holland in 1948. 6" florets with 7-8 open on a long flowerhead.	.50	.35	.20	10- .25
GENGHIS KHAN (432 Scheer 41)	Beautiful heavily ruffled medium pink with a lighter throat. This year it was 57" tall, with 20 buds, 28" head, 5"-5½" florets with 6-7 open. Not 100% consistent, but at best is very fine.	.75	.50	.35	.10
GOLDEN DRAGON (410 G. Snyder 47)	Bright medium yellow with a small red marking in the throat. 60" spikes with 8 well-placed 4¾" florets in formal placement. Should do well at the shows.	2.00	1.50	1.00	.25
GOLDEN FAVORITE (512 Salman 48-48)	Clear medium yellow with deeper throat petals. Opens 6-8 well-placed florets. Claimed to be a fine new deep yellow.	2.50	1.75	1.25	.20
GOLDEN FRAGRANCE (410 Lantz 46)	Light creamy yellow shading deeper in throat. Noticeable fragrance outdoors. Florets opened indoors have good fragrance. Has produced the best spikes of any fragrant glad we have grown. Florets are large and well-placed on a long flowerhead. A real improvement in fragrant glads.	1.50	1.00	.75	.15
GOLDEN STATE (412 Wheeler 42)	Tall clear deep yellow with an inconspicuous red mark in the throat. Formal with 8-9 open on a 23"-25" flowerhead. Good grower and propagator. Good all-around deep yellow.	.25	.20	2-.25	20- .25
GRAND OPENING (366 Kuhn 46)	Medium sized lavender with a cream throat. A fine exhibition variety that has done well at the shows. Tall with 8-14 open. A moderate propagator.	3.00	3.00	2.00	.75
GRATITUDE (424 Fischer 46)	A lovely ruffled clear orange self. Was 58" tall with 16 buds, 26½" flowerhead, 5¼" florets with 6 open. A fine all-around glad. Has won at the shows, is a good commercial, and a wonderful glad for arrangements.	.20	3-35	3-.20	20- .25
*HEART'S DESIRE (540 Fielder 48)	Heavily ruffled light creamy pink blending to cream throat. Took this to two shows and won two blue ribbons and Recent Introduction Champion at the Eastern International Show. Was 56" tall, with 19 buds, 27¼" flowerhead, 5½" florets with 7-8 open. Very attractive and one of the very best new ones.	2.00	1.75	1.50	.25

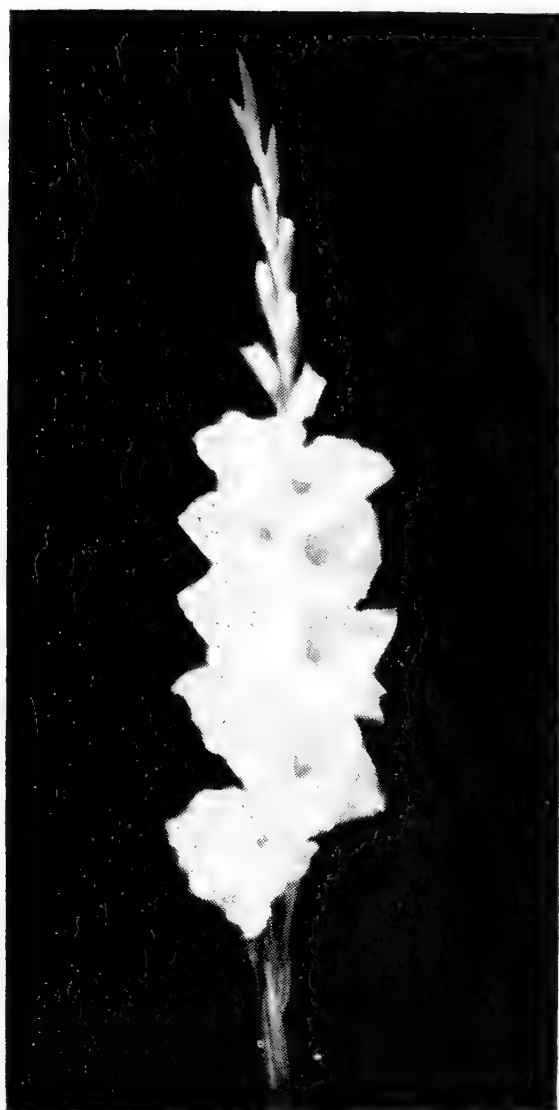

After purchasing bulbs in various places, I have found yours to be the best. — H.A., Ill.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
HIAWATHA (436 Beardmore 47)	Large clear orange scarlet that makes fine formal spikes with 8 large florets open. Fine color and very attractive. Has won top honors at several shows. Attachment slightly loose.	3.00	2.00	1.00	.40 10- 3.00
HIHO (432 Knight 48)	Clear medium salmon with a cream white throat. Florets are attractive and well placed. A strong propagator and free bloomer from bulblets. Have heard some fine reports. Should do very well on the show bench.	2.00	1.50	1.00	.25
HILLCREST (561 Brown, N.Z. 45-48)	Medium orange rose shading to deeper rose blotch. Very husky and a free bloomer from bulblets. An exhibition glad that can do a lot of winning. Tendency to fleck in bad weather.	1.00	.60	.40	2- .25 10- 1.00
INTRUDER (550 Graff 44)	Very large scarlet red that makes fine exhibition spikes with 8 6" florets open. Strong husky grower with 26" heads on a 55" spike.	.75	.50	.35	.10 10- .75
JANET LEE (420 Fairchild 47)	One of the most beautiful glads we have ever seen. A heavily ruffled yellow and orange blend. Have seen some fine spikes, but the head is often short.	2.50	1.75	1.25	.25
JAVA (512 Salman 46-48)	Medium deep yellow from Holland. Claimed to be one of their best varieties. Capable of making very good spikes. Attachment is loose from small bulbs but we have found it fairly good from large bulbs.	1.00	.60	.40	.10 10- .75
JOHAN VAN KONYNENBURG (436 K&M 45-47)	A bright scarlet orange self with a fine clear color. Opens 8 on a husky spike. Another highly considered Dutch variety.	.25	2-.35	2-.25	10- .15
JOURNEY'S END (532 Kadel 44)	A tall ruffled deep salmon. Very attractive and capable of making good spikes.	.50	.40	.30	.10
KATHY LEE (410 Fairchild 47)	Heavily ruffled lemon yellow with outstanding color value. Opens 8 large wide-open florets. Has done some good winning at the shows. Flowerheads not always long, but its color makes it very popular.	2.50	1.75	1.25	.25
KAWATIRI (516 Pupich, N.Z. 44-47)	Clear light pink buff shading to light yellow throat with slight salmon veining. Lightly ruffled with heavy substance. A tall grower with long flowerheads and many very large florets open. Looks like one of the best from "down under."	1.75	1.25	.75	.15
<u>KELSEY</u> (530 Yates 46)	A fine light salmon Picardy sport. Was 57" tall, with 18 buds, 29" flowerhead and 5½" floret with 7 open. Has won as color champion. Along with Leading Lady and Silver Wings this seems to be one of the strongest growing Picardy sports.	.75	.50	.25	2- .15 10- .60
*KING ALFRED (532 Hobbs 47)	Tall strong growing deep orange salmon with a light yellow throat. Good clear color. Makes fine long flowerheads with 8 5¾"-6" florets open in good placement. A fine all-around glad.	.35	.25	.20	10- .25
KING OF THE BLACKS (554 Salman 48-49)	Clear dark purplish red. One of the darkest of the reds. Florets are large and well-formed with 6-8 open on tall spikes. Looks as if it may be one of the best exhibition dark reds.	10.00	7.50	5.00	1.00
KING OF THE BLUES (478 Holland 48-49)	Medium lavender violet with deeper lined feather. Color is somewhat streaked and attachment is a little loose. Florets are large and spikes long.	2.50	1.75	—	.20
LADRONE (433 Palmer 47)	A striking orange scarlet with a large yellow blotch. Rated very highly in the 1948 Canadian Symposium. Strong robust grower with 8 5" florets open in formal placement. Heavy propagator.	.75	.50	.25	10- .25
LADY ANNE (500 Buchanan 47)	A promising early commercial white blending to a light yellow throat. A strong grower that has won at the shows and should do very well. Good propagator and consistent.	—	.45	.30	10- .45

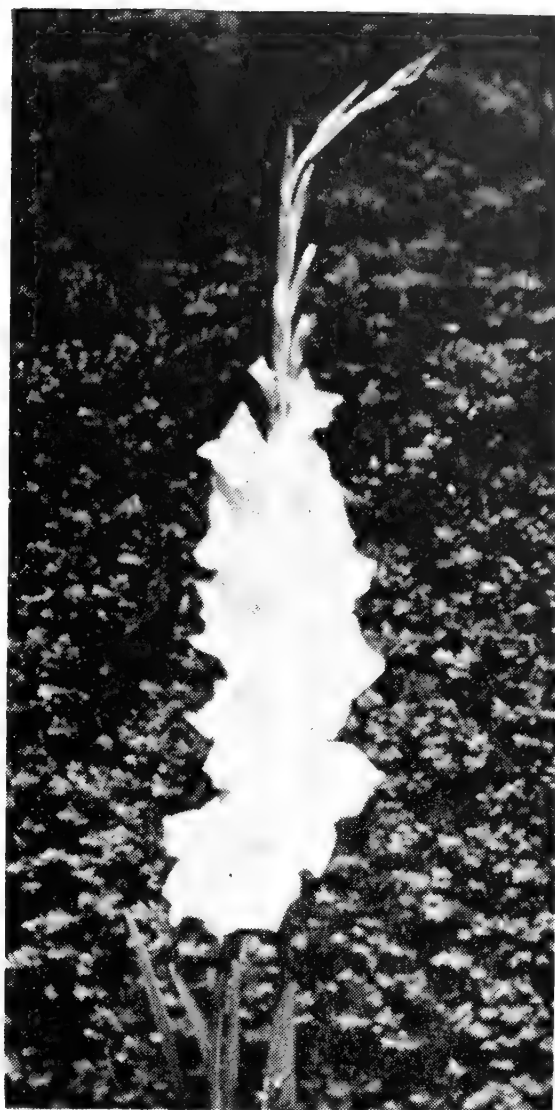

I have never seen finer bulbs. — C.N., Nebr.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
LADY LUCK (440 Harris 44)	A lovely light salmon pink sport of Picardy, with a light throat. A nice clean color and a good healthy grower. Spikes 55" tall with 17 buds, 25½" head, 5¼" floret and 6-8 open.	.15	.10	.05	10- .15
*LADY MARIAN (460 L. White 48)	A light lavender rose that looks outstanding for exhibition and may become a fine commercial. Has an outstanding show record for a new one. Spikes are tall with 8-10 well-placed and firmly attached 4¾"-5" florets open on a long head. Should make a fine shipper, for spikes opened from bud indoors have an excellent color.	4.00	3.00	2.00	.50
LADY WAYNE (530 Deam 48)	Clear solid medium salmon color with Picardy throat. Florets are large and well placed with 8 open. Has done very well at several midwestern shows.	2.00	1.50	1.00	.25
LAKE PLACID (406 G. Wilson 45)	Tall lovely ruffled cream with a yellow lip and a slight hood. Distinctive and considered by many the loveliest cream. Good propagator. 62" tall, with 16 buds, 26" flowerheads and 5" florets with 7 open. Very consistent. Have won with it at the shows.	.40	.30	.20	15- .25
LEADING LADY (506 Johnston 42)	The queen of the show glads. A beautiful cream sport of Picardy that has been outstanding at the shows and for commercial use. Grows 67" tall, 19 buds, 30¼" head, and 6" florets with 8 open.	.15	4-.30	6-.25	20- .10 100- .40
LEMON ICE (410 Jack 47)	Clear light greenish yellow shading deeper in throat with faint pale red line. Lightly ruffled with 7 5" florets in formal placement on good spikes.	1.20	.80	—	.10
LIPSTICK (441 Ballentine 41)	One of the loveliest of glads. A variety which we made the mistake of overlooking for several years. Clear light blush pink with rosy red blotch. 56" tall, with 19 buds, 27¾" flowerhead, and 7-9 5½" florets open. A few spikes crook but most of them are straight and stunning.	.20	.15	.10	20- .20
LOVELACE (440 Grout 48)	Pretty light pink with large light yellow throat. Informal type with 7-8 attractive 5" florets open on a long head. Free bloomer from bulblets. Should make a nice cut flower.	2.00	1.50	1.00	.25
MADELEINE BROWN (530 Maier 45)	Appears to be either an improved Picardy or an excellent strain of it. A healthy strong grower with spikes 61" tall, with 18 buds, 29" flowerhead and 7-8 6" florets open.	.20	.15	3-.25	25- .20
MARJORIE PHYLLIS (532 Hatch 48)	Medium salmon pink shading lighter toward center with a light red rose throat. Very large florets with a heavy substance. Looks like a potential show winner with 7 or 8 open in formal placement on husky spikes.	1.50	1.00	.50	2- .25
MARTHA DEANE (410 Guille 46)	Medium deep yellow, slightly ruffled with inconspicuous red at back of throat. Was the strongest growing of the yellows for us this year — 65" tall, with 19 buds, 29¾" flowerhead, 5" florets and 7 open. No crooking. A healthy grower and good propagator.	.25	2-.35	.10	20- .25
MARY ODELL (400 Cave 48)	Clear white with regular formal placement. Good growing glad capable of making a fine spike.	1.00	.75	—	.10
MEXICALI ROSE (462 G. Wilson 47)	Dark rosy red, somewhat ruffled. Opens 8 5" florets on a good spike.	3.00	2.25	1.50	.20
MID-AMERICA (550 Knierim 47)	Huge medium red with a slightly deeper throat. The king of the garden. Makes larger spikes than any other variety we have grown. Grew 65" tall, with 24 buds, 35¾" flowerhead and 8-9 6¼" florets open in formal placement. Good color although it will fleck sometimes. Almost unbeatable in its class.	1.00	.75	.50	10- .10 .75
MIGHTY MONARCH (552 Butt 46)	Another giant. Florets are medium dark red. A potential show winner. Sold out of large bulbs last year but medium bulb produced a spike 56" tall, with 19 buds, 30½" flowerhead with 7 5½" florets open. Large bulbs can do considerably better.	.75	.50	.25	5- .25

Bulbs from you last year were grand. — E.M., N. Y.

SILVER WINGS

PATROL

Name (Class-Introducer-Year)	Description	Large	Medium	Small	Bulblets
MISS WISCONSIN (460 Krueger 43)	Attractive medium rose. Opens 8 large blooms on a tall straight spike. Demand has been heavy for this fine variety. Probably the best all-around light rose available at a low price.	.35	.25	2-.25	10- .25
M'MSELLE (561 Grout 48)	A medium pink rose blending to a large veined deeper blotch. Heavily ruffled, almost lacinated. Heavy substance with slight flecking.	2.00	1.50	1.00	.25
MONTEVIDEO (462 Salman 48-49)	Deep rose red shading deeper in the throat with a white line in the center. A fine clear color and seems to be a fine grower — opens 6-8 large well-placed florets. A promising glad in a weak color. Saw no flecking.	3.50	2.50	-	—
*MONTPELIER (440 Hatch 47)	Clear light salmon pink with some deep pink veining in the throat. A fine color with no flecking. A fine show glad and an outstanding commercial prospect. Spikes were 55"-60" tall, with 17-19 buds, 27"-30" flowerhead, and 7-9 very strongly attached 5"-5½" florets open. A very promising glad.	1.50	.75	.50	2- .25 10- 1.00
MRS. D. BOTH'S MEMORY (500 Both 42-48)	Lightly ruffled creamy white with a cream throat. Large florets with a very heavy substance.	2.50	1.75	1.25	.25
MRS. E. BOTH (530 Both 43-43)	Light salmon with a light yellow throat. Considered one of the super exhibition glads from Australia where it has won several championships. Attachment seems a little loose.	1.00	.75	.50	2- .25 10- 1.00

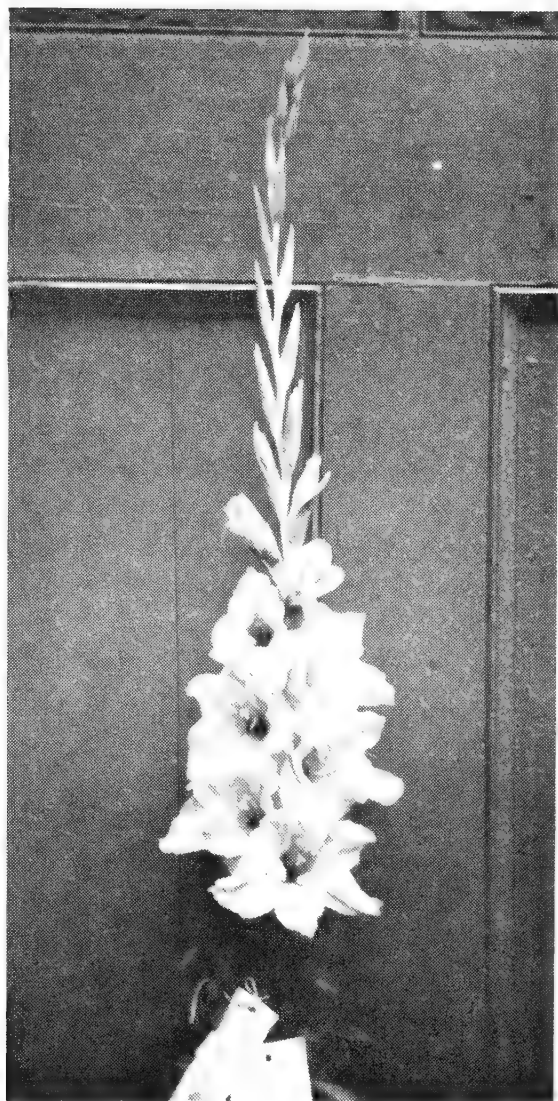

Such lovely clean bulbs, and so many extras. — W.H., Can.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
*MRS. R. G. ERREY (454 Errey 44-47)	A rich dark red self with a glowing sheen. Believed in Australia and by many who have grown it here to be the outstanding deep red. Can make excellent spikes with 7-9 large florets open.	—	1.25	.75	.15
MYSTERY (541 Stinson 44)	Very attractive pink with a cream throat and a small light red blotch. Opens well in water and retains full beauty to tip. Was 64" tall, with 18 buds, 26½" head, 5¼" floret and 8 open. A fine all-around glad.	.20	.15	.10	20- .20
NELLY SAUNDERS (401 McKillop Aus. 47-49)	Attractive white with slight lavender lines in the throat. Seems to be a strong grower. Produced nice spikes from small bulbs and bulblets.	5.00	3.75	2.50	.50
NILA (562 Pruitt 47)	A deep rosy red with a fine clear color. Looked quite promising with 7 large florets open on a 26" head.	.75	.50	.35	3- .20 10- .50
NOVA ZEMBLA (400 K&M 47-48)	A tall pure white capable of making nice spikes. Fairly early.	3.00	2.00	1.50	.30
OCTOBER SUNSHINE (420 Quackenbush 47)	A fine clear medium yellow orange that blends to a yellow throat. A lovely color and possible commercial prospect. Grew 54" tall, with 19 buds, 27" head and 4¾" florets with 7 open.	1.00	.75	.50	.10
ODETTE SANSOM (407 Salman 48-49)	Slightly pinkish cream white with a scarlet blotch on a cream yellow throat. Quite striking and attractive. Strong healthy grower with 6-8 open.	.70	.50	.35	4- .25
ON THE BEAM (411 Krieg 47)	Pale light yellow with a small pale rosy red blotch. A very strong grower and a fine show glad. Spikes 60"-66" tall, with 21-25 buds, 25"-29¼" flowerhead, 4¾"-5" florets and 6-9 open.	5.00	3.25	1.75	.40
ORCHID MARVEL (566 Jack 47)	A very attractive deep lavender with a small cream throat line. Opens 6-8 large florets on very good spikes. A very good exhibition lavender. Not a fast propagator.	-	1.80	1.00	—
<u>ORIENTAL PEARL</u> (506 Carlson 46)	Very large pale cream. Attachment very good and opens when cut in bud. Grew 60" tall, with 18-19 buds, 26"-29" flowerhead, and 5-7 6"-6½" florets open. A strong all-around grower that is valuable for show and commercial use.	.50	.40	.30	2- .25 10- 1.00
PACTOLUS (411 K&M 47-48)	Light buff yellow with a scarlet red blotch. Extremely striking and attractive. Makes nice spikes and should be very popular as a cut flower.	3.00	2.00	1.50	—
PALISADES (430 Beaton 48)	A light salmon pink. Florets are not outstanding but growth is. Was 67" tall, with 17-21 buds, 29"-31" flowerhead, with 12 5¼" florets open. The long head and number open should make it a heavy show winner. Grows tall and straight.	1.50	1.00	.50	2- .25 10- 1.00
PATRICIAN (566 Scheer 46)	Large deep lavender self that is receiving a lot of publicity. We have not bloomed this yet, but find it to be healthy and a strong propagator. Has large florets and said by some to be the top new lavender.	6.00	4.50	3.00	.50
<u>PATROL</u> (316 Palmer 46)	A lovely clear orange buff that has been very fine. An outstanding show glad. Grew 55" tall, with 20 buds, 25½" head, 4½" florets and 8 open. Fully opened spikes are very beautiful. Spike shown on page 9 was runner-up for grand champion at Eastern New York Show.	1.00	.60	.40	4- .25 10- .50
PAUL ROBESON (454 Cave 43)	One of the very best dark red show glads. Grew 72" tall, with 21 buds, 30½" head, and 5¼" florets with 7 open. The only real fault is a tendency to weather-spot in the rain — most dark ones do.	1.00	.75	.50	5- .25

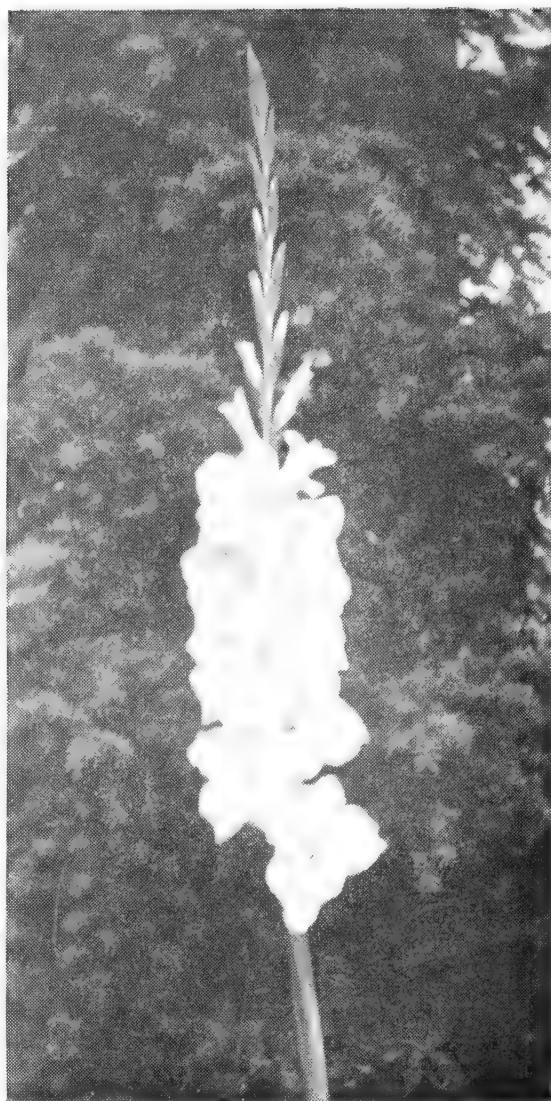

Thanks again for your wonderful bulbs of last year. — J.C., Mass.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
PEGGY (366 West 46)	Very attractive light lavender with small cream markings on a lavender throat. Nice clean color with no flecking. Spikes were 60" tall, with 20 buds, 28" flowerhead, 4½" florets and 7-8 open. A fine variety for show and commercial.	1.50	1.00	.50	.20 10- 1.50
PENELOPE (466 Deam 48)	An attractive deep lavender with a white throat. A fine shade and a promising glad for commercial and exhibition use. Healthy and a good propagator. Has been highly recommended.	3.00	2.00	1.50	.20
PFITZER'S CENTURY (436 Pfitzer 46-47)	Large light scarlet with a deeper feather. A tall variety with 6-8 large florets open on a 25" head.	1.00	.60	.40	4- .25 10- .50
PHANTOM BEAUTY (440 Bastian 47)	Lovely clear blush pink that opens 9-14 5" blooms; perfect placement. A very outstanding show glad and a fine grower. Also recommended as a commercial.	4.00	3.00	2.00	.50
PILLAR OF FIRE (452 Baerman 43)	Deep glowing red with 8-12 4½"-4¾" florets open on a 28"-31" flowerhead. Spikes are 55"-60" tall with 20-21 buds. Florets do not open flat, but makes a blaze of color. Late. Number open makes it a fine show glad.	.50	.35	.25	.05
POCAHONTAS (460 G. Wilson 48)	A new one from the originator of Purple Supreme which is said to be very much like that variety in appearance and growth except that it is an attractive shade of old rose. We have not bloomed it yet but it sounds good.	—	3.00	2.00	.30
POINCIANA (462 G. Snyder 48)	A medium rosy red with deeper rosy lip petals and a white line in the center of the throat. Florets are distinct and attractive. Opened 6 5½" florets on a 25" flowerhead.	3.00	2.00	1.00	2- .75 10- 3.00
PROSPERITY (560 Silva 47)	A ruffled light rose Picardy sport that is similar to Bengasi but without the crooking. A good strong grower with typical Picardy performance.	1.25	.75	.50	.10
QUEEN CHARLOTTE (310 Dowling 46)	A pale light yellow with a slightly deeper throat. Makes good spikes with a large number of buds and with 8-13 medium-sized florets open. Should do very well at the shows.	4.50	3.50	2.50	.50
RAVEL (477 K&M 45-47)	A medium deep blue from Europe with an attractive purplish blotch. One of the clearest and best colors of the blues. Tall grower with 8 5½" florets open in fine placement on very good spikes. One of the top blues.	.50	.35	.20	.05
*RED WING (536 Wright 48)	A very fine new clear scarlet with a slightly deeper throat. Tops in the 1946 and 1947 NAGC Trial Garden series. From medium bulbs only was 58" tall, with 21-22 buds, a 30" flowerhead and 6-8 5½" florets open. One of the top 1948 introductions.	3.00	2.00	1.00	.25
*REG. LEAHY (507 Both 45-48)	Greenish cream with a light yellow throat and a small dotted rosy blotch. One of the very few really attractive greenish glads. A husky strong grower that may well be one of the best exhibition glads from Australia. Looked very promising.	6.00	4.50	—	.60
RITA MAE (450 Pommert 47)	Clear light scarlet red that is a good commercial prospect. Grows 60" tall with 21 buds and 6-7 5"-5½" florets open on a 25"-27" flowerhead. Healthy and a good propagator. Quite early.	.50	.35	.25	.05
ROOSEVELT'S MEMORY (500 Salman 46-48)	A tall white shading to a creamy throat with a small pale rose dotted blotch. A strong grower called one of the best post-war European varieties. 6-8 6" florets open.	.50	.35	.20	.05
ROYAL WINDSOR (550 Beaton 46)	A clear lovely light red that can make as nearly perfect spikes as any variety we know. Grows 60" tall, with 19 buds, a 26" flowerhead, and 9 5¾" florets open in perfect placement.	.80	.60	.40	.10 10- .75
RUTH ELAINE (440 Krieg 48)	A lacinated light pink blending to a light buff throat with slight pale pink veining. A Picardy sport which is very distinct. Opens 7-8 ruffled 5" florets on a 53"-55" spike with a 25½" flowerhead. Florets tend to fleck a little.	2.00	—	—	.25

Your bulbs are the cleanest I have had. — L.G., Ind.

SIBONEY

YANKEE LASS

*SALMAN'S GLORY (507 Salman 43-46) A whitish cream with a light yellow throat and a light red blotch. Very striking and attractive. A strong healthy grower and propagator. Several growers have said that they believe this is the best Holland variety.	2-.35	2-.25	2-.15	20-	.25
*SIBONEY (566 Allen 48) Our 1948 co-introduction seems to be making a fine name for itself. Color is an excellent clear deep lavender self. Outstanding for exhibition with 8 5½"-6" florets open on a fine spike. See picture above.	2.50	1.75	1.25	3-	.40 1.00 10- 3.00
SILVER WINGS (500 Ritsema 44) A lovely white sport of Picardy which is about on a par with Leading Lady — Silver Wings is lighter and more ruffled. A strong grower and propagator. Grows 62" tall, with 18-19 buds, 28½" flowerhead, with 6" florets and 6-9 open. See picture on page 9.	.25	2-.25	1-.25	20-	.20
SKYMASTER (540 Salman 47-49) Light cream pink with a light scarlet line on a buff yellow throat. Placement is formal and spikes are very large with many florets open.	1.75	1.10	1.00	2-	.35
SKYWAY (440 Stevens 48) A very tall light pink shading to a cream throat. A fine clear color. Has done very well at the shows, and its outstanding earliness should make it excel as a commercial. A much better grower than most early varieties.	5.00	1.00	3.00		.50
SNOWBELLE (400 Machacek 47) A ruffled light creamy white shading to a pale cream yellow throat. Fine attachment and very early. Grows 55" tall, with 19-21 buds on a 23"-25" flowerhead. Opens 8 attractive 5"-5½" well-placed florets. Should do well as an early commercial.	1.50	1.00	.60	2-	.25 1.00 10-

Nice fat ones, generous overcount and liberal extras. — J.R., Tex.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
SNOW FLURRY (400 Clark 48)	A slightly buffish white Picardy sport. A good strong husky grower. 60" tall, with 18 buds on a 27" flowerhead and 6-8 5"-5½" florets open. Very strong attachment. Has proved a fine commercial, and a winner in its class at the shows.	.75	.50	.35	10- .10 .75
*SPARKS (507 Glass 47)	Cream with a large scarlet orange blotch on a yellowish throat. One of the most striking and attractive varieties, and a fine tall grower. An excellent all-around informal type. From No. 5 bulbs, it was 53" tall, with 14 buds, 26" flowerhead, and 6 5¾" florets open. Can do much better from large bulbs. We highly recommend it.	1.00	.60	.40	4- .25 10- .50
*SPIC AND SPAN (432 Carlson 46)	Lightly ruffled deep pink salmon. Good tall variety that opens 7-10 in excellent formal placement. Has been Grand Champion several times. Well-named due to the neat and precise appearance of the spikes.	1.75	1.50	1.25	.20
*SPINDRIFT (400 Chase 47)	A lovely light creamy white with a cream throat. Has an outstanding show record in its first two years. The Grand Champion spike of this at Binghamton was one of the best spikes we have ever seen. A very fine variety.	2.00	1.50	1.00	.20
<u>SPOTLIGHT</u> (413 Palmer 44)	The outstanding deep yellow. Florets are striking with an attractive small red throat. Heavy propagator and strong grower. Very fine commercial and show glad. Grows 60-65" tall with a 27" head.	.20	2-.25	3-.25	20- .20
SPUN GOLD (312 Palmer 47)	Clear deep golden yellow self. Opens 5-6 florets on a medium length flowerhead. A fine color and is useful as a commercial due to its earliness.	.75	.50	.25	.05
STORM KING (584 Errey 41-48)	Medium deep rosy pink smoked towards the outside. Has a rosy blotch with a greyish border. Attractive florets and one of the very good Australian show glads.	—	.40	.25	.05
STRATHNAVER (500 Peattie Aus. 39-47)	Tall very husky pure white with huge petals. A true giant with 6-8 6½"-7" florets open on long flowerhead. Florets are not graceful and attachment is a little loose, but variety is very highly considered and in very heavy demand.	1.50	1.10	.75	10- .20 1.50
STRAWBERRY PEACH (517 Salbach 44)	Light salmon buff with an orange salmon blotch. Many West Coast growers have recommended this very highly. Noticed some flecking in one of our gardens.	1.50	1.00	.75	2- .25 10- 1.00
<u>SUN SPOT</u> (417 Roberts 45)	Beautiful light apricot buff with a rose spot in the throat. A really outstanding glad that is a very heavy show winner. Grows 60" tall with 18-21 buds, a 27"-28" flowerhead, and 8-9 5" florets open. Strong propagator and a top all-around glad. A rugged variety with excellent lasting qualities.	1.00	.60	.40	2- .25 10- 1.00
TARAWA (436 Palmer 46)	A very attractive scarlet with two white lines on a darker throat. Opens 8-10 5½" florets on a long flowerhead. Stem is sometimes a little short.	.60	.40	.30	.05
TEMPLAR (400 Palmer 47)	A tall somewhat ruffled creamy white that is attractive. Makes nice straight spikes with good placement. Highly recommended by Canadian Trial Gardens and Symposium.	.75	.50	.35	.05
TIVOLI (460 K&M 45-47)	A lovely clear rose pink from Europe. Opens 8-9 large blossoms on a tall straight spike. A very fine color and one of the best European introductions.	.60	.45	.30	3- .20 10- .50
<u>TOPFLITE</u> (460 LaSalle 46)	Very beautiful clear light rose that is making a hit everywhere. Has been voted most beautiful at several shows, and has won other top honors. Grew up to 59" tall, with 17 buds, 27¾" flowerhead and 7-9 5¾" florets open.	3.00	2.00	1.00	.30

Every one of your bulbs came through the season in great shape. — R.B., Ind.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
TREASURE ISLAND (542 Lins 47)	One of the loveliest glads we have seen. A pure medium pink shading to cream throat with lightly ruffled florets. A good all-around grower that should be very popular with those who appreciate the beautiful.	1.50	1.25	.75	.20 10- 1.50
TUNIA'S ELITE (590 Both 44-47)	An orange brown sometimes smoked lavender toward the outside and blending to a salmon orange blotch. Tall strong grower with giant florets which are strongly attached. A very fine show glad.	2.00	1.25	.75	.15
TUNIA'S MAHOMET (596 Both 41-43)	A clear, deep velvety plum rose with a scarlet throat. One of the most attractive of the odd colored varieties. A strong grower with a very good show record. Becoming popular and is one of the best all-around glads.	.35	.25	2-.25	15- .25
TUNIA'S MASTERPIECE (566 Both 45-47)	Large formal rose lavender exhibition type. A strong grower that opens 8-10 well-placed florets. Considered an excellent show glad. Flecks some for us. Has been in very heavy demand.	3.00	2.00	1.25	.30
TUTS BOTH (422 Both 43-45)	An attractive deep pastel orange with a small blue tongue. Quite different and has been Color Champion at two shows. Makes fine spikes and is a very good show glad.	.50	.30	.20	3- .20 10- .50
<u>VICTORY QUEEN</u> (430 G. Wilson 45)	A very lovely ruffled salmon orange with a cream throat. A pure clean color that does not fleck. A real color champion and fine all-around glad. Grew 55" tall, with 19 buds, a 29¼" flowerhead and 8 5" florets open.	.50	.35	.25	.05
VREDE (400 K&M 45-48)	Tall attractive pure white from Europe. Florets are large, well attached, and lightly ruffled. Flowerhead is long and well proportioned. Opens 7-8.	.60	.45	.30	3- .20 10- .50
WAR PAINT (436 Kadel 47)	Tall bright scarlet with a 29"-31" flowerhead. Opens 7-9 5" florets. Attachment and placement are fine. Strong propagator and blooms freely from all sizes. A good show glad and very promising commercial.	2.00	1.50	1.00	.20
WHAT-A-DREAM (560 Hatch 48)	A very lovely light pink rose that blends to a light cream throat. Looks like a very good grower with nice straight spikes. A variety for the fancier who appreciates the beautiful.	2.00	1.00	.50	2- .25 10- 1.00
WHITE CELESTE (500 Horrex Aus. 43-49)	Light creamy white with a small cream throat and a light lavender line. Large florets with 6-8 open in formal placement. Heavy substance.	1.00	.75	—	.10
*WHITE CHALLENGE (501 Arnett 47)	White with a pleasing small pale rose throat. A strong grower that has been Grand Champion several times. Seems to be the best of the white with blotch class. Very heavy substance.	3.50	2.50	1.50	.30 12- 3.00
*WHITE GODDESS (500 Roberts 48)	Ruffled white shading to creamish throat. Very attractive florets with heavy substance. Grew 55" tall, with 18-19 buds, 27" flowerhead, 5¼"-5½" florets and 7-8 open.	1.50	1.00	.60	.15
WHITE MAGIC (500 Kuhn 47)	Very pretty heavily ruffled white. Good grower. Received top rating at Michigan Trial Garden in 1946 and has won some show honors.	3.00	3.00	2.00	.50
W.P.40 (406 Ritsema 46)	A lovely creamy white sport of Picardy. Makes nice formal spikes with 7-8 4½"-5" florets open on a 25"-26" flowerhead. A good all-around glad and a winner in its class.	1.00	.75	.50	3- .25 10- .60
<u>YANKEE LASS</u> (440 Schenetsky 46)	A lovely clear light pink self. The spike pictured on page 12 was 63" tall, with 23 buds, a 30¾" flowerhead, 5¾" florets with 8-9 open. Good all-around grower for show and commercial use. Consistent placement and strong attachment.	2.50	1.50	1.00	.25
YVONNE DARRAGH (420 Coates Aus. 44-49)	Medium salmon orange shading to a light yellow throat. Some streaking. Strong propagator and grower.	1.00	.75	.50	3- .20 10- .50

Pleased with the quality of the bulbs and the generous overcount. — M.B., Iowa

SELECTED FOREIGN VARIETIES

We have grown the varieties in this list from bulblets or small bulbs, but have not bloomed them. All descriptions are based on the most accurate information we have been able to obtain. This list and our general list contain the cream of the newest varieties from Australia, New Zealand, and Europe.

<i>Name (Class-Introducer-Year)</i>	<i>Description</i>	<i>Large</i>	<i>Medium</i>	<i>Small</i>	<i>Bulblets</i>
BERNADINE (436 Errey 45-48)	Glowing orange scarlet self with a brilliant color. Long spikes with up to 10 large florets open. Exhibition type.	—	\$1.10	\$.75	10- \$.20 1.50
CLASSIC (406 Toon N.Z. 47-49)	An attractive ruffled light yellow cream decorative which we are told looks promising.	\$4.00	3.00	2.00	.40
D. BOTH'S MEMORY (506 Both 42-48)	A greenish cream that has lightly ruffled wide-open florets. Strong propagator that makes large show spikes.	.50	.40	.25	.05
DR. PRYOR (551 Burns Aus. 46-49)	Light red with a cream throat and a carmine blotch. Long spikes. Has a fine record at the shows in Australia. Up to 10 large florets open in good placement.	—	.45	.30	3- .20 10- .50
GAY LALLY (490 Toon N.Z. 46-49)	Hermosa pink flushed deep rose with a heavy lilac overcast and a pansy purple blotch. Sounds like a very interesting novelty. A strong grower and propagator.	—	2.25	1.50	.25
GLAMOUR GAL (416 Tonklin Aus. 47-48)	A light apricot with a small cherry blotch. Exhibition variety with up to 12 open on a long head. This variety was scored highest in the 1946-47 Burnley Test Gardens.	—	3.00	2.00	.40
GOLDEN BEAUTY (410 Coates Aus. 44-47)	Medium deep yellow with large florets and 8-10 open. Has an outstanding record in Australia.	—	1.10	.75	.15
KEITH (582 Pratt N.Z. 46-48)	Autumn tinted glad. A rich shade of golden bronze deepening toward edges and with a carmine throat. Opens 8 large florets. Heavy show winner. FCC at Ballarat in 1946-47.	—	.75	.50	.10
KITTYHAWK (366 Both 43-48)	Considered a perfect exhibition type lavender. Opens 10 medium sized well-placed florets on a tall spike. Good color.	1.25	.90	.60	2- .35 10- 1.25
LIBERATOR (332 Errey 44-48)	Bright orange salmon shade with a scarlet throat. Very tall and strong grower. Attractive exhibition variety with 10 open.	—	1.40	.75	.20
LOUIS MAYER (520 Salman 48-49)	Glowing orange considered to have outstanding color value. Opens 6-8 5" florets on a long straight spike.	.80	.60	.40	.10
MAJESTIC (532 Rowse Aus. 45-48)	Rich deep salmon flame self that makes massive spikes with large wide-open florets. Reported to be very attractive and a vigorous grower.	2.50	1.40	—	2- .65 10- 2.50
MARSDEN (520 Burns Aus. 46-48)	Orange self that opens 7-9 6" florets. Apparently flecks a little. Exhibition type with a good show record.	—	.75	.50	3- .25 10- .65
NEW AMSTERDAM (452 K&M 48-49)	Wine red with a deeper throat. Tall strong grower with 6-8 large florets open. Considered good all-around glad.	—	4.50	—	.60
SINCERITY (407 Errey 44-48)	A cream with scarlet markings on a deeper cream throat. Opens 10 medium sized, nicely ruffled florets. Highly recommended by several American growers.	—	—	.45	2- .15
SISTER O'CALLAGHAN (450 Both 47-48)	Light red with white lining on deep red throat petals.	—	1.75	1.25	.25
TUNIA'S ATOMIC BURST (585 Both 46-48)	Bronzy red with smoky hue overcast on the three inner petals. Very large florets with up to 10 well-placed florets open. Novelty type "eye catcher."	—	1.75	1.25	.25
WUTHERING HEIGHTS (520 Asquith Aus. 41-49)	Beautiful shade of bright apricot orange with a darker throat. Up to 10 large florets open on a straight spike.	—	.75	.50	.10

I have finally found in you the ideal place to buy bulbs. — A.W., N. Y.
